

Student Group Recognition Application

EGSC provides support to student groups that benefit graduate engineering students.

To apply for recognition, this form must be completed and submitted electronically to the EGSC Treasurer (treasurer@egsc.seas.columbia.edu). The EGSC Budget Committee will then determine if all the necessary materials have been submitted and forward a recommendation to the EGSC General Body for official voting. Follow-up with the Budget Committee or General Body may be required by student group leadership.

This is a onetime application for each student group.

In order to be considered for recognition, student groups:

- Must complete and submit the Student Group Recognition Application
- Must have a faculty/staff advisor
- Must have a designated President or other leader
- Must submit with the Student Group Recognition Application a written constitution or set of bylaws

Student groups must submit the Student Group Recognition Application and all relevant material at least six weeks before the official last day of classes for a given semester.
